LITTLE EVA'S LOST BROTHER.

Phil dalphia Press

During the long run of Uncle Tom in an Eastern city the family of the gentle "Eva" went to housekeeping, and during the occupation of the elder forces a small boy—brother of "Eva" (the "Eva" on this occasion being Miss Lulu Prior)—strayed away and was lost in the strange city. Moving was suspended and hunting commenced, but the child was not found. Audiences must not be disappointed, however, and so the poor little sister was forced to array herself for the part, wash off the tears and try and forget that her little brother was lost But during the evening the runaway was found, and the parents, to relieve their little daughter's mind, took him directly to the theater.

The death scene of "Eva" was on; "Topsy," with her apron on her head, crouched on the floor. Seeing out of a corner the recovered youth, "Topsy" said in a whisper, "Hold your Nebuchadnezzar up."

"Eva" lay on the couch—"St Clair" bent over her with the question:

"What do you say, Eva darling?" To which the dying child was only to reply:

"Love—joy—peace," and fall back dead upon the pillow.

Just as "Eva" raised her head feebly, and lifted her hand and commenced the broken sentence, she spied the refound brother With a cry of joy she extended her little arms toward him and broke out:

"Oh, see—see, he's found! He's there, and I never thought to see my little brother again!" Then recollecting her part, she gave a great gulp of fright, fell back spasmodically to the studied words and cried out "Love—joy—peace!" and dropped her head upon the pillow

The scene was never more affecting—sobs were heard on all sides. The speech was so heartfelt that the audience felt sure it was part of the play—that the dying "Eva" was supposed to have a vision of a lost brother waiting on the mystic shore.

THE Chief Engineer of the Chicago and Northwestern Railroad, to test the smoothness of the track, placed a glass of water on the seat of a Pullman palace car, the other day, and carried it through from Chicago to Omaha without losing a drop. On the return trip he tried it again but filled the glass with whisky, and when he examined the tumbler at the first station out he found it as dry as the Desert of Sahara at high noon. He thinks the phenomenon due in some mysterious way to the difference in the specific gravity of the two liquids.

WEDNESDAY..... ..... AUGUST 7, 1878.

THE DAILY JOURNAL

Is the best daily paper published on the line of the Central Pacific Railroad, east of Sacramento, and having a general circulation throughout the State, it is especially valuable as an advertising medium.

THE DAILY AND WEEKLY JOURNAL

Have a combined circulation larger than that of any interior journal of Nevada, excepting those of the Comstock.

NEWS OF THE MORNING.

Gen. Howard is of the opinion that the Indian war is about over.

They are arguing the silver question in the British Parliament.

The Turkish sub-Lieutenant, commanding Famagosta, Cyprus, refuses to quit the stronghold.

The cabmen of Paris have struck and only one-quarter the usual number of cabs are on the stands.

The yellow fever continues to increase in New Orleans. Hereafter new cases will not be reported to the papers.

In a great international pigeon shooting match yesterday, between Captain Bogardus and Aubery Coventry, Bogardus won by one bird.

The Pope has permitted Cardinal Antonio de Luca decline to be Secretary of State. Jacobini, the Papal Nuncio at Vienna, will probably be appointed temporarily.

The Indians supposed to be White Bird's band prove to be only a small party of thirteen men and eight women. White Bird and most of his band are still with Sitting Bull.

Indian inspector Hammond has completed his Standing Rock Indian Agency investigation, and another, Hughes, of Chicago, has come to grief. He was permitted to resign. Hughes is the agent that the Indians wanted to drown a few weeks ago. Hughes is the fifth that has succumbed to Hammond since he was appointed last winter. Every agency inspection has resulted in somebody's decapitation. The so-called Missouri river pirates fear the worst.

ACCORDING to the San Francisco *Call* Miller and Lux have diverted so much water this year from the San Joaquin river for the use of their irrigating canals that navigation will be stopped six weeks sooner than usual. These farmers are interested in moving their grain crop by water and are naturally incensed at Miller and Lux. They went to San Francisco to see the United States District Attorney in reference to the matter and he said he could do nothing as the river had not been declared navigable by Congress.

THE clergy of Rochester have set their face against extravagance at funerals. Bishop McQuaid publicly announced the following order on Friday last: "No flowers or floral offerings of any kind would be allowed on any coffin or casket brought into the church on any funeral occasion; nothing but the black pall would be permitted as a covering of the coffin except in the case of a child of seven years and under. Then a white pall could be used, and if desirable some pure white flowers."

JOHN KELLY, boss of Tammany, is of the opinion, in a *Graphic* interview, that the advent of Kearney in Boston will not destroy the Democratic party of New York; that though it may be threatened it will still be able to weather the storm! Kelly thinks that Kearney may have immense audiences in New York, but does not think that he will produce any great results.

The will of Michael Reese has not yet been filed for probate, but his attorney states that it bequeathes $440,000 to charitable and educational purpose. The residue, after paying a few special bequests, is to be divided among his five surviving sisters and their children—all residents of Chicago—and the heirs of the deceased sister.

EX GOVERNOR Hendricks opened the Democratic campaign in Indiana Monday night in a speech at Indianapolis, in which he favored Voorheers for Senator.

The Orangemen of Ireland have telegraphed to their brethren in Quebec to carry up their case before the Privy Council, and the Irish lodges will find £10,000 for the legal expenses, if necessary.

ANOTHER BIG FIGHT.

Senator Jones made a grand fight for the Silver Bill and earned a world-wide reputation for his skillful and talented management of that Congressional contest. He will make a speciality of the Chinese treaty if returned a second term. From what we know of him it is safe to feel assured he will have it abrogated. Return Jones for this reason if no other.

THE CHINESE MUST GO!

Congress has realized the fact that the Chinaman is a detriment to the true interests of this Coast and at its next session—only five months hence—will give us relief from them. To act lawless will only retard legislation by prejudicing the Eastern people against us. Be calm, and the relief will surely come

LAW AND ORDER.

The surest and safest way to succeed in any undertaking is to go about it with a view to strict law and order. Any other way only means defeat to the object and injury to the parties employing illicit means. An apparent success at the beginning does not imply a successful ending.

DAY by day the University of California is becoming richer and richer. Its yearly income now is $60,000, and this is constantly increasing from the sale of its lands. Recently Judge Hastings gave it $100,000 for the purpose of founding a law school, and, according to the papers, there is a donation to it of $650,000 in the will of the late Michael Reese, making three-quarters of a million which it has received in less than half a year. These donations at interest at five per cent. will increase the annual income of this institution to over $90,000. With the death of a few more millionaires, and we have lots of them, the University will become one of the richest endowed institutions in the United States.

UNDER the provisions of a bill passed by the last California Legislature, all the stock of incorporated companies are compelled to pay a tax of ten cents on each share of stock transferred. The San Francisco *Call* says the books of the License Collector, who collects this tax, show that during the quarter ending June 30th there were 4,033 shares of Consolidated Virginia and 5,540 shares of California stock transferred, for which the sum of $1,048, 10 was paid into the Treasury.

A RESOLUTION has passed the Parliament of British Columbia prohibiting the employment of Chinese on public works, with the usual addendas, provisos, etc. This is the proper way to go about the business. Though it will not hurt our Oriental visitors at all, for they are seldom employed on any State or Colonial work, yet it is a step in the right direction. Exclusion by peaceable yet decided legal means is the only thing that will rid us of these Mongolians.

JEFF DAVIS has just been made rich by a decision of the Mississippi Court of appeals, awarding him a large plantation for which he once paid his brother, but did not secure a legal transfer, and which his brother (now deceased) afterwards sold to a negro for $300,000, though he left evidence that Jeff. had paid for the estate.

AT the Workingmen's mass meeting in Boston Monday evening in honor of his distinguished self, Dennis Kearney enthusiastically indorsed "that fiery and incomparable Rupert of debate—that chivalrous and white-plumed Navarre of the rostrum—gallant, gifted, glorious Ben, Butler."

THE Washington monument at the Federal capital is to be 485 feet high. This is five feet higher than the highest pyramid, but will fall short of the completed spire of Cologne cathedral, which is to be 511 feet. The Tower of Babel got up to 680 feet.

THE Mechanics Institute Industrial Exhibition, which opens in San Francisco on the 13th of the month, bids fair to be a success. Thus far over 400 applications have been received and nearly all the room on the main floor and galleries has been allotted.

A MINER at the C. & C. shaft some time ago bought 400 shares of Bodie stock at forty cents a share, and recently sold it out at $17 a share, making a net profit of $6,640.

THAT UNJAILED JURY.

ED. JOURNAL:—I have just seen an article in the *Gazette* of yesterday concerning the Jury fee in the Ricord case which misstates the facts and is calculated to do me injustice. I beg, therefore, to state through your paper the exact and whole truth. I was one of the plaintiff's attorneys in the Ricord case. I had no other interest in the action. I had no interest in the judgment, not even to secure a judgment or otherwise. When the jury brought their verdict into Court the plaintiff was absent. Not having been provided with the money to pay the jury fee, I mentioned the fact to the Court and suggested (as is customary in such cases) that the jury be discharged from the case and the entering of judgment stayed until the jury fee was paid. I also suggested (supposing the plaintiff would not have so large a sum of money on her person) that the banks were closed and would not open until Monday morning and that the jurors should come for their fees on Monday. Upon this statement the Court received the verdict, discharged the jury from the case, and ordered the entry of judgment stayed until the jury fee was paid. Some time after this the defendant desiring to apply for a new trial, procured the judgment to be entered, which was done in my absence and without my knowledge, participation or consent. The plaintiff has had no favor since the verdict was rendered. I have asked no favor in her behalf and was surprised when I heard the judgment was entered. Whatever has been done since the verdict, has been for the defendant and at its instance, and has in nowise prejudiced the county. The Statute makes the fees of jurors a charge against the county payable upon the Clerk's certificates out of the County Treasury. It requires the Clerk to charge the jurors and deduct from the amount due to them sums received from litigants in special cases; but as no fees have been received in this case none can be charged to the jurors or deducted from amounts due them. So the county will have to pay the fee and look to the plaintiff or the judgment for repayment. Now, in what manner have I become responsible to the county for the jury fee. I am not a party to the suit. I have no interest in the judgment. I have done nothing to make the plaintiff's rights better or the county's rights worse; nor has anything been done with or without my knowledge which has hurt the county in the remotest degree. Receiving the verdict did not increase the county's liability for the fees, nor did it diminish the chances of ultimate repayment. If the verdict had not been received the county would have been liable to pay precisely as now. Nor did entering the judgment in any manner effect the liability of the county or diminish the chances of getting back the money. On the contrary, the county's opportunity for repayment is made better by the fact of a judgment. Without a judgment the county must look to the plaintiff exclusively—now it has the additional security which the judgment affords.

ROBT. M. CLARKE.

CARSON, Aug 4

AMERICAN RACING STOCK.

AMERICA is the only place in the world where sufficient attention is paid to the training and breeding of trotting horses, and wonderful has been the success. Not so many years ago 2 minutes and 40 seconds was considered remarkable time, and the slang phrase "two forty" was used in reference to anything indescribably swift. Then Flora Temple made her mile in 2:24 and all the world wondered. Afterwards she decreased her own time to 2.19¾ and people opened their eyes in astonishment To day there have been scores who have trotted under 2·20 and among them are: Goldsmith Maid, Lucy, Lulu, Smuggler, Great Eastern, American Girl, Occident, Gloster, Dexter, Hopeful, Red Cloud, Nettie, Judge Fullerton, Lady Thorn, Lady Maid, Cozette, George Palmer, Rarus, Bodine, Lucillie Gloddust, Thomas L Young, Flora Temple, Camors, Mambrino Gift, Fleety Golddust, May Queen, Albemarle and Ethan Allen. Even the wonderful time made by these, however, was eclipsed on the 3d instant by Rarus when he trotted in 2:13¼. And who can say even now that this is to be the goal at which all horses shall aim and fail? It may be that this will be considered by those who come after us as slow as we now consider 2 10.

CATARRH

Sneezing Catarrh, Chronic Catarrh, Ulcerative Catarrh, permanently cured by

SANFORD'S RADICAL CURE.

SANFORD'S RADICAL CURE FOR CATARRH is a safe, certain, and permanent cure for Catarrh of every form, and is the most perfect remedy ever devised. It is purely a vegetable distillation, and is applied locally by insufflation, and constitutionally by internal administration. Locally applied, *safety to the nasal passages.* It soothes, heals, and cleanses the nasal passages of every foul germ of Catarrh; obstruction, dullness, or dizziness. Constitutionally administered, it renovates the blood, purifies it of the solid poison with which it is always charged in Catarrh, stimulates the stomach, liver, and kidneys, perfects digestion, makes new blood, and permits the formation of sound, healthy tissue, and, finally obtains complete control over the disease. The remarkable rapidity with which all other remedies utterly fail, of SANFORD'S RADICAL CURE, are attested by thousands who gratefully recommend it to fellow-sufferers. No statement is made regarding it that cannot be substantiated by the most respectable and reliable references. It is a great and good medicine, and worthy all confidence. Each package contains a Treatise on Catarrh and Dr. Sanford's Improved Inhaling Tube, and full directions for its use in all cases. Price $1.

An Enthusiastic Friend of Sanford's Radical Cure.

McHATTON, GRANT & BOWER'S FIRE AND MARINE INSURANCE AGENCY, 225 Pine Street, St. Louis, Mo., Feb. 7, 1877.

A. A. MELTZER, Washington Av., City.—Dear Meltzer I have for some years been troubled with Catarrh, and for the past two years have suffered seriously with it. Noticing your advertisement of SANFORD'S REMEDY (RADICAL CURE), I decided to try it. I have used only two bottles, and as result I feel so much relieved that I presume on our personal relations and write this to you and ask that you take some measures to get it more prominently before the public, that others may have such relief as I have. I have recommended it to quite a number of my friends, all of whom have expressed to me their high estimate of its value and good effects with them.

I really think it particularly adapted to wants of St. Louis people, and they all ought to know of it, and those who need it should try it. I will risk the assertion that 1000 1 oz. vials (as a sample) to be given away will sell as many bottles.

Try some plan. Let the people have it; they need it. I believe I could sell 5000 bottles myself—of course you could largely increase this number. Why not try it? Yours truly, WM. BOWEN.

LAME BACK AND RHEUMATISM CURED BY COLLINS' VOLTAIC PLASTERS

Messrs Weeks & Potter Gentlemen,—One year ago I was seized with a severe attack of Rheumatism in my right hip, to which I was subject. Tried the various liniments and rheumatic cures but without the least benefit, when my son, a druggist, suggested one of your COLLINS' VOLTAIC PLASTERS. The effect was almost magical, for, to my great surprise, I was almost immediately well again, and was able to work upon my farm as usual, whereas before the application of the Plaster, I could do nothing, and every step gave me pain. A few weeks since, one year from the first attack, the disease returned, but I am happy to say the second Plaster proved as efficacious as the first, and I am now well. My wife wishes me to add that one Plaster has cured her of a very lame back. We think there is nothing in the world of remedies that can compare with the COLLINS' VOLTAIC PLASTERS for Rheumatism and Lame Back, and cheerfully recommend them to the suffering. Yours very respectfully,

ORLAND, Me., June 6, 1876 ROBERT COTTON.

NOT A QUACK NOSTRUM.

Gentlemen,—I hereby certify that for several years past I have used the VOLTAIC PLASTERS in my practice, and have never known them to fail in affording speedy relief in those cases for which they are recommended. They are not a quack nostrum, but a remedial agent of great value. Very truly yours W. C. COLLINS, M. D.

DUCKSPORT, Me., May 27 1871.

PRICE 25 CENTS.

Be careful to obtain COLLINS' VOLTAIC PLASTER, a combination of Electric and Voltaic Plates, with a highly Medicated Plaster, as seen in the above cut. Sold by all Wholesale and Retail Druggists throughout the United States and Canada, and by WEEKS & POTTER Proprietors, Boston, Mass

Nothing to do With It.

A. C. White, a prominent member, tells us that the Workingmen have nothing whatever to do with the excitement of the past few days. He disclaims all knowledge of any intention on their part to inaugurate lawless proceedings and insists that their object is to cause a public sentiment against the Chinese. He is of the opinion that the agitation is gotten up by designing persons to destroy the Union as a political power. The organization of a soldier company, he insists, is only for the sake of having a military company here, and not for any forcible purposes. He is not aware of the existence of anti-Coolie club here and does not think members of the Workingmen are associated with it, and persists that they will have nothing to do with any forcible measures which may be employed this morning to drive out the Chinese.

The Mountain Runaway.

Our item yesterday morning about the runaway of Hymers & Chism's stage in the mountains was substantially correct. John Parker sustained some very severe bruises about the head, but is not seriously injured, and with care will be around soon. The Frenchman, whose arm was broken, will recover also. Only one of the four horses was hurt much. With a little rest and doctoring he will be O. K. The wagon was injured considerably, but the blacksmith will put it in good order, and thus ends the runaway.

Proceedings of the Board of County Commissioners.

The Board met yesterday pursuant to adjournment. Present—T. K. Hymers (chairman), O. C. Ross and W. H. Joy, Commissioners, P. B. Comstock, Clerk, Wm. Cain, District Attorney.

The following claims against the county were allowed:

R. M. Clarke, $230, Geo. Cutting, $7; W. Soderberg, $50; Reno Gas Co., $10 20; Chas. Johnson, $5; S. Bishop, $50; Shoemaker & Osburn, $9 75; L. H. Martin, $30; D. D. Bowen, $191; Wm. Cain, $20; S. Beemer, $25; T. K. Hymers, $50 40; W. H. Joy, $64 20; O. C. Ross, $52; E. A. Vesey, $102 90; J. B. Williams, $115 75; A. L. Bancroft & Co., $6 40; Chas. Knust, $11 75; Sanders & Neels, $50; C. A. Richardson, $78 30; Dr. Dawson, $5; W. Bergman, $5; H. W. Barlow, $76 50.

R. G. Webster was appointed Constable of Washoe City vice D. D. Grannis, resigned.

Ordered that the County Clerk specify on the jury certificates hereafter to be issued to jurors the amounts that is due them in the case of Ricord vs. C. P. R. R., and it appearing to the Board of County Commissioners that the manner of auditing jury fees by the County Auditor heretofore practiced before the same have been passed upon and allowed by the Board, is illegal.

It was further ordered that the County Auditor be requested not to audit any further bills against the county for jurors' fees until the same shall be passed upon by the Board of County Commissioners, and examined and passed upon by them.

On application of P. B. Comstock it was ordered that the claim allowed him for transcribing the evidence in the Rover case, of $373, for the Governor's office, be canceled of record by the Auditor, and that the same be considered as audited on the bill for transcript to the Supreme Court in said case, or that portion of the same that was disallowed by Humboldt county.

The following is the application of Comstock:

RENO, August 5th, 1878.

To the Hon. Board of County Commissioners and County Auditor, of Washoe county, Nevada:

I hereby enter a disclaimer to the claim allowed in my favor December 3d, 1877, against Washoe county, for the amount of $373, for transcribing the evidence in the case of the State vs. Rover for the Governor's office, the same having been paid by Humboldt county. I ask that it be audited to Washoe county, or that the money be drawn by the County Auditor and placed in the County Treasury, and that the claim be canceled of record. P. B. COMSTOCK.

Alarmed.

The Chinese are very much alarmed at the threatening aspect of things. They anxiously inquire what it is all about, and what they may expect. Many of them have been scared out of town but more decide to stay here and see the thing through. They are in close communion just now, and if molested may resist force with force. There is such a thing as "sowing the wind and reaping the whirlwind," and if the ringleaders of this disturbance are not very careful they will find that they have been throwing a boomerang, which will return and strike them with fearful force. Be very careful, ye would be Communists, before you go too far.

A Card From Mr. White.

ED. JOURNAL: Permit me through your columns to answer an article that appeared in the *Gazette* this evening headed "Workingman White." The interview is incorrect in almost every particular. I took exceptions to the manner in which the reporter asked me the various questions and asked him why he did not ask me as a gentleman, in private. The statement that I would "pay my own expenses to White's Canyon in order to see the scheme perfected" is false *in toto*. A. C. WHITE.

Nabob Whiskey.

Osborn & Shoemaker have been appointed sole agents for this celebrated whiskey, which is especially recommended for medical purposes, and will sell it by the cask or case at the same price that it can be obtained from the proprietor at San Francisco. Look out for advertisement in a few days.

THE streets were crowded last evening. The Chinese excitement was the universal topic of conversation, and every new rumor or theory was talked over in all its different phases.

Reno Guarded.

The great amount of incendiary talk which has been indulged in recently, has had the effect to alarm our peace-loving citizens and as a consequence the town has been districted and a number of Special Deputy Sheriff's detailed to watch during the night. This action is just what is needed, and the temper of our people just now is such that any person found attempting to fire any building will be dealt with in a manner effectual and decided.

Profoundly Agitated.

Reno has never been so thoroughly agitated as it is now. The uncertainty which surrounds everything but adds to the excitement. All anxiously look forward to this morning, knowing that if the agitators do anything it will be done then, as it will be the end of the 48 hours given the Chinese to go. We hope it will all blow over, but hardly think it will without serious trouble.

Local Brevities.

There are seven prisoners in the county jail, five of whom are Chinamen.

The Truckee continues to get lower and lower.

Remember the State Fair meeting on Friday night. Attend and aid by your subscription to the Pavilion. It is a worthy object, as we all know.

Another Collision.

Yesterday morning as freight train No. 5 was coming into Truckee it ran into some cars standing on a side track, so close to the main track that the train could not pass. Two cars were ditched and the section house telescoped. No one was hurt. The train came in here three hours late in consequence.

One Armed Salisbury.

This noted individual is reported to be in Long Valley and parties are after him to arrest him. Sheriff Lamb has advertised him so thoroughly in this vicinity that he will soon languish in the county jail.

The Garroting Case.

Jack Weese was before Judge Richardson yesterday on a charge of having garroted old man Harrison the other night and taking a watch from him. The case was continued until 10 o'clock to-day.

A PARTIAL eclipse of the moon will take place on the 12th of the present month. It will be invisible to the Pacific Slope, except to Salt Lake, where the penumbral shadow will be visable for a few minutes after the moon has risen. This eclipse will be visable to portions of all the continents of the world.

THE Parliament of British Columbia is rapping at the Chinese from all sides. The other day a bill passed forbiding their employment on public works, and now another has been introduced to tax every one of them in the province $60 per annum.

THERE are 261 boys in the Industrial School at San Francisco and 1,200 patients at the Stockton Insane Asylum. It costs the people 64 cents per day for each at the former and only 35 cents at the latter, and the *Chronicle* wants to know where the trouble is.

IN the case of Jessie Bigelow of Eureka, just tried for the killing of Gus Botto, Judge Cole has set the case for a new trial August 26, and in the meantime refuses bail to the prisoner.

THE lake near the mouth of the Sutro tunnel is stocked with fish. A year and a half ago an Indian emptied a bucket full of minnows into the pond, and they have multiplied at a wonderful rate.

WITH the building of the Texas Pacific railroad Southern papers have faith to see the shifting of the commercial metropolis from New York to New Orleans.

COUNT ANDRASSY is reputed to be a good linguist, being able to do business in four different languages at least; but he if not infallible in English. Some one was congratulating him recently upon the successful policy he had adopted at Berlin with regard to Bosnia. "Well," he said, "I thought the time was come to take the bull by the *corns*."

The last cowardly act of a self-righteous President, goaded on by the political tramps and pharisees who have gained his confidence, was the removal of Arthur and Cornell, men who have been models of faithfulness and, against whom even a breath of insinuation is not breathed by any intelligent man or journal.—[Utica Republican (Rep.)

A LECTURE on suicide in San Francisco the other night failed to draw, because it was like the play of "Hamlet" with the part of Hamlet omitted. In Capron, Illinois, a barber named Burleigh was much more successful. He drew a good house, over $200 being taken at the door as a burial fund. He had placarded the town with bills announcing his intention of committing suicide at Thornton Hall on the 22d; hence the interest taken in the lecture. After discoursing for an hour and a half on suicide, and justifying it as a means of terminating life's troubles, he drew a revolver and shot himself dead. The life drama of Burleigh was finished, and the curtain fell upon a perfectly consistant career. The novelty of the proceedings may excite imitators, but the eclat will remain with Burleigh, of Illinois. We hardly know what to say in relation to this exhibition. Euthanasia has had its advocates in all time, but the moral sentiment of mankind appears to have declared against it. However, in modern society it is becoming more popular, and the public exhibition in a quiet Illinois town, the other night, may have the effect of increasing its adherents. As a method of raising a burial fund, this was perhaps the most original upon record, and it is only to be hoped that the doorkeepers did not steal the dollars. Robbing the dead is a venal offense nowadays.—*Ex.*

THE Empress Eugenie and Prince Napoleon are both on the Continent. The former is staying at Ems, while the latter makes the tour of Sweden and Norway. About the middle of August they will meet at Arenenberg, Switzerland, where they will remain until some time in October.
